24-HOUR
NATIONAL
LEVEL HACKATHON

ambITION 2.0

Hacking Time

20-21 September

Total Prize Pool

INR 6,00,000

About amBITion

amBITion is a 24-hour national-level hackathon designed to ignite innovation, foster collaboration, and empower young technologists to solve real-world challenges using cutting-edge technology. By connecting students with industry leaders, startups, and mentors, the event aims to create a vibrant ecosystem of problem-solvers, drive impactful solutions, and open doors to internships, recognition, and career opportunities.

600+

ASPIRING INNOVATORS ACROSS INDIA

120+

TEAMS COMPETING IN A 24-HOUR
NATIONAL HACKATHON

120+

PROBLEM STATEMENTS COVERING
REAL-WORLD DOMAINS

20+

MENTORS, JUDGES, AND TECH EVANGELISTS
GUIDING THE WAY

BUILD IN PUBLIC

Participants will share project updates throughout the hackathon.

INTERNSHIP UNLOCK!

Top performers stand a chance to bag exciting internship opportunities from leading startups and tech giants.

MEET THE GAME-CHANGERS!

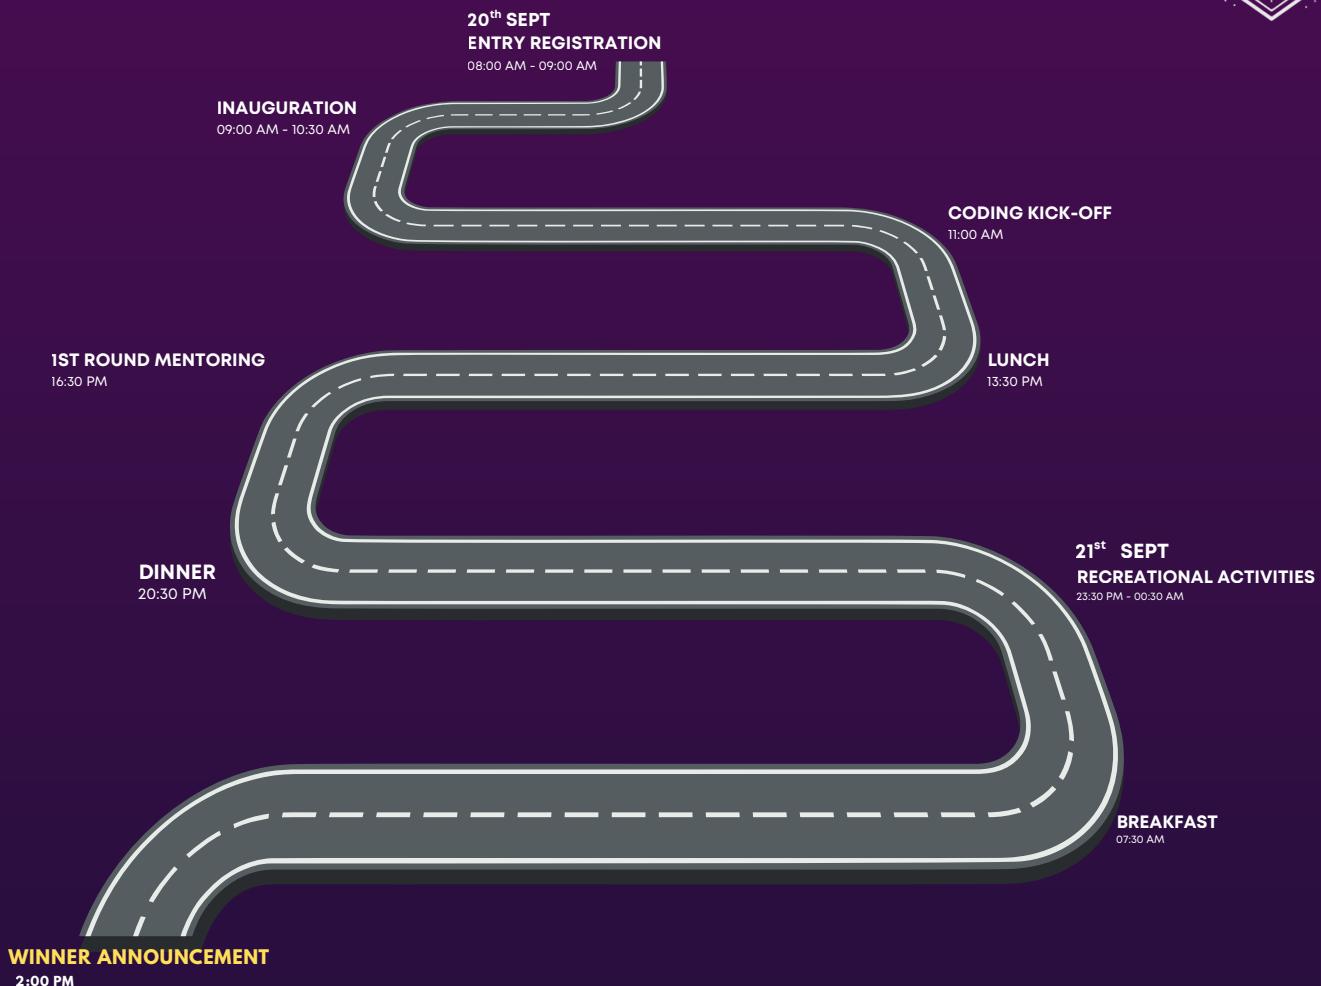

Connect with startup founders and mentors, get inspired,

MORE PRIZES TO WIN!

TIMELINE & TRACKS

Web/App Development

Build the next-gen digital experience—web-sites, mobile apps, or hybrid solutions.

AI/ML

Dive into smart systems that learn and adapt—make your ideas intelligent.

Open Innovation

Break the mold—solve unique problems with boundary-pushing ideas.

Blockchain

Decentralize, secure, and innovate—shape the future with blockchain tech.

amBITion'24

in a nutshell

100+ TEAMS.

600+ FOOTFALL
ON CAMPUS.

250k+ REACH
ON SOCIALS

24 HRS
OF BUILDING!

OUR TARGET AUDIENCE!

The hackathon targets undergraduate students who are pursuing technical courses at any university.

INDIA'S TOP UNIVERSITIES!

We got participants from all around India, including students from IITs & NITs.

Testimonials & Reviews

Vishnu M R | 1st
Passionate about AI & ML | Building Intelligent Solutions with Data & Algorithms |...
Want to share that our team Neutra Setu clinched the top spot at amBITion!

After 24 hours of intense brainstorming, coding, and collaboration, we emerged victorious with our innovative solution for visually impaired people.

A huge shoutout to my amazing teammates ARUSHI ARUNKUMAR, Kavya Bhut and Swapnil S. Manohar and all the organizers, mentors, and sponsors who made this possible. This was a testament to the power of teamwork, dedication, and creativity.

Looking forward to implementing our solution and taking on more challenges in the future!

Kishore S | 1st
Computer Engineering Student | IIT Madras | Interned at Microsoft |...
I am so happy to share that our team, 'Ergo' clinched the 1st place at amBITion 24 Hackathon organized by Bangalore Institute of Technology.

This was our second hackathon, and it was a great experience learning from 100+ teams participating from all over Karnataka for our AI/ML projects. On the final day, we built an AI-based system for identifying and tracking the movement of a person using Python for AI integration along with other core technologies.

We didn't expect to win, especially since we didn't use any fancy frameworks or libraries. But the judges were impressed by our project's simplicity and its potential impact on society.

We are grateful to the organizers for making this event an unforgettable experience. Special thanks to my mentor, Swapnil S. Manohar, and my team members, Arushi, Kavya, and Vishnu for their collaboration and support.

One thing that makes our team 'Ergo' win:

1. Our project is simple yet effective and can be implemented in a real-life scenario.

2. The judges were impressed by our project's simplicity and its potential impact on society.

3. We used Python for AI integration along with other core technologies.

4. We used a simple framework for tracking the movement of a person.

5. We used a simple framework for tracking the movement of a person.

6. We used a simple framework for tracking the movement of a person.

7. We used a simple framework for tracking the movement of a person.

8. We used a simple framework for tracking the movement of a person.

9. We used a simple framework for tracking the movement of a person.

10. We used a simple framework for tracking the movement of a person.

11. We used a simple framework for tracking the movement of a person.

12. We used a simple framework for tracking the movement of a person.

13. We used a simple framework for tracking the movement of a person.

14. We used a simple framework for tracking the movement of a person.

15. We used a simple framework for tracking the movement of a person.

16. We used a simple framework for tracking the movement of a person.

17. We used a simple framework for tracking the movement of a person.

18. We used a simple framework for tracking the movement of a person.

19. We used a simple framework for tracking the movement of a person.

20. We used a simple framework for tracking the movement of a person.

21. We used a simple framework for tracking the movement of a person.

22. We used a simple framework for tracking the movement of a person.

23. We used a simple framework for tracking the movement of a person.

24. We used a simple framework for tracking the movement of a person.

25. We used a simple framework for tracking the movement of a person.

WHY SPONSOR US?

01 REAL-TIME ENGAGEMENT & TALENT DISCOVERY

- Be part of the action through judging panels or mentorship.
- Zero recruitment cost, high hiring potential.

03 WORKSHOPS & DEMOS

- Host a workshop or product demo before the hackathon kicks off to showcase your tech or Float a problem statement from your company

04 SUCCESSFUL SPONSORED EVENTS

- Codemania, one of our sponsors, successfully hosted hackathons at BITS Hyderabad, IIT Hyderabad, GITAM University Bengaluru with an average footfall of around 800+.
- They are set to conduct hackathons at BITS-Hyderabad, LMNIIT-Jaipur, IIT-Gandhinagar with an expected crowd of about 5000, 2000 and 3000 respectively in each campuses.

05 FUTURE ADVANTAGES

- The sponsors will have benefits in terms of marketing, pitching in problem statements in the upcoming multiple editions of Codemania.
